**JUDUL:**

Pengaruh Pertumbuhan Ekonomi dan Dana Zakat, Infak, Sedekah (ZIS) di Badan Amil Zakat Nasional (BAZNAS) Terhadap Kemiskinan di Indonesia Periode 2012-2015

**ISI:**

Tujuan dari penelitian ini adalah untuk mengetahui pengaruh pertumbuhan ekonomi dan dana Zakat, Infak, dan Sedekah (ZIS) di Badan Amil Zakat Nasional (BAZNAS) terhadap kemiskinan di Indonesia periode 2012-2015. Metode penelitian yang digunakan adalah metode kuantitatif dengan analisis regresi linear berganda. Data yang digunakan adalah data *time series* dengan unit data bulanan selama periode 2012-2015. Penelitian ini menggunakan data dari Badan Pusat Statistik (BPS) dan Badan Amil Zakat Nasional. Hasil dari penelitian ini menunjukkan bahwa secara parsial, pertumbuhan ekonomi berpengaruh positif dan signifikan terhadap kemiskinan di Indonesia periode 2012-2015 dan dana ZIS di BAZNAS berpengaruh negatif dan signifikan terhadap kemiskinan di Indonesia periode 2012-2015. Secara simultan, pertumbuhan ekonomi dan dana ZIS di BAZNAS berpengaruh signifikan terhadap kemiskinan di Indonesia periode 2012-2015.

**TITLE:**

The Influence of Economic Growth and Zakah, Infaq, and Shadaqah (ZIS) Fund at National Amil Zakah Agency (BAZNAS) toward Poverty in Indonesia during 2012-2015

**CONTENTS:**

The aim of this research was to determine the influence of economic growth and zakah, infaq, and shadaqah (ZIS) fund at National Amil Zakah Agency (BAZNAS) toward poverty in Indonesia during 2012-2015. The research method used was quantitative method with multiple linear regression analysis. The data used was time series data with monthly data units during 2012-2015. This research used data by Central Bureau of Statistics (BPS) and National Amil Zakah Agency. The results from this research showed that partially, economic growth had positive and significant effect to poverty in Indonesia during 2012-2015 and ZIS at BAZNAS had negative and significant effect to poverty in Indonesia during 2012-2015. Simultaneously, economic growth and ZIS at BAZNAS had significant effect to poverty in Indonesia during 2012-2015.
